

Be Safe When Walking

Now that nice weather is finally here, people are out walking! Due to smartphones and more, the number of pedestrians killed in crashes is on the rise. Here are some tips at staying safe:

Don't dash and dart - Most fatal crashes happen away from crossroads. Parked vehicles and road signs often block a motorist's view and the driver's reaction time is limited. Never assume that the driver knows you are there. Use crosswalks or intersections when possible and make eye contact with the motorist. If you must cross the street away from the intersection, choose a well lit area, wait for a gap in traffic and keep an eye out for vehicles.

Watch the time - It's harder for drivers to spot someone when it is dark outside. Between September and November, most crashes happen between 6 and 9 pm.. Wear bright colored clothing during the day and reflective materials after dark or carry a flashlight.

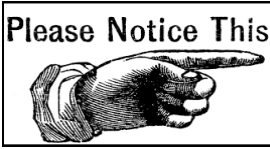

Teach kids - Talk to kids and older teens about being aware of their surroundings, avoiding distractions, using sidewalks, crossing at intersections and walking on the edge of the road facing traffic when necessary.

Hold the phone - Walking and using the cellphone is a dangerous combination! Always watch where you are going. Stop and move away from traffic if you need to use your phone. Teach kids to do the same.

ATTENTION: CLIENTS and PCA's
It is that time of year when college students are home and returning to work with clients. If you have not worked at least 1 shift in 120 days, you are no longer considered employed by Superior and cannot be paid. You will need to have a new background check done. Please contact Kris in HR. We will need at least 1 week to process and you will not be able to work until your background check has been cleared through the state. If you are unsure of when you last worked, call the office.

Please Notice This PCA's who were hired prior to 10/1/15 and haven't taken the Vulnerable Adult Test, please do so ASAP!

Go to our website: www.superiorhomecare.org. Click on Employment box. Scroll down and click on VAMR box. Read the material and complete the test. Email the certificate to: kris@superiorhomecare.org.
